PRESIDENT LAUNCHES SECOND WAR LOAN DRIVE

Asking the American people to conserve the slogan, "They Gave Their Lives For Our Money," President Roosevelt today launched the second war loan drive in Washington by selling John B. P. (left), White House messenger a \$20 bond. Treasury Secretary Morgenthau (right) looks on. The national drive begins April 12.

Ohio C. of C. Praises City Heads for Handling of Funds

Research Workers Suggest "Freezing" of Expenditures for Improvements After the War.

Praising city officials for able management of the city finances, members of the research department of the Ohio Chamber of Commerce in a meeting last night suggested that the officials "freeze" expenditures on a basis of 1942 operating costs in order that "improvements" not possible now, can be made after the war.

Railroad Man Dies at Crestline Despite Fliers' Heroic Efforts To Save Him

Serum Flown Through Heavy Snow by Civil Air Patrol Volunteers in Vain Effort To Prevent Death.

Heroic efforts yesterday of two Mansfield Civil Air Patrol fliers to save the life of Kenneth A. Beabout, 27, of Mansfield, failed. He died in the Crestline City hospital last night of a gangrene infection resulting from an accident at the Crestline roundhouse Thursday night.

Two Undergo Finger Amputations Same Day

Two Marion men underwent finger amputations Tuesday at city hospital as a result of injuries suffered in factory work. William Welsch, 160 North State street, underwent an operation for removal of part of the index finger of his left hand. The finger became infected following an injury several days ago at the Marion Foundry Co. plant. He has returned to his home.

VITAMINS

ARE YOUR FIRST LINE OF HEALTH DEFENSE

According to government authorities, 3 out of 4 people today are under par—nervous, underweight or easily fatigued. Even well-fed people suffer—because of a vitamin deficiency in their diet. Now—more than ever before—you owe it to yourself and your nation to maintain your physical and mental alertness. Vitamin products are the answer—supplementing the foods you eat to supply your daily requirements of every vitamin.

Vigorous Health
Rich Red Blood

The facts are simple because of all the conditions affecting the human body a "low blood count" is the most deceptive. If you feel run down, poor appetite, have lost weight—chances are if you restore these precious red-blood cells back to normal your troubles will be over.

In Nuco-Ferrin you get after the trouble in two ways. First you increase the appetite and better your stomach digestion in order to get more good out of the food you do eat. Secondly, thin, weak, watery blood is made rich and red again thus giving you the vigor and vitality you need for a healthful and happy life. Try Nuco-Ferrin today on a money-back guarantee. The big \$2 bottle sells for only \$1.39.

COMMITTEE REPORTS ON WATER WORKS

Council Also Receives Resignation of Superintendent.

Special to The Star
BUCYRUS, April 2.—(Continued with the submission of an 11-point water works report which includes a series of recommendations. Tuesday night received the resignation of A. J. Kephlinger, water works superintendent. The report, submitted by a special citizens' committee, appointed to study an engineering report and recommendations from a Toledo engineering firm, followed a long period of investigation to determine what needs to be done to put the city water system in first class order.

Chief among the recommendations were the abolition of the office of water works superintendent, now held by A. J. Kephlinger, raising of rates, particularly commercial rates, after the plan has been put in good condition and under good management, quick elimination of all wooden pipes, reservoir repair and cleaning and ending of the practice of furnishing a home with all utilities for the chief engineer as the city has been doing.

The committee also recommends that the city put aside a recent engineer report by the H. P. Jones Co. of Toledo, which recommended changes totaling around \$250,000. The committee reports that the Jones recommendations are too costly at this time.

The 11 recommendations are:

- 1—Repair spillway at No. 2 reservoir.
- 2—Repair level valves and screens No. 1 reservoir.
- 3—Install new water mains and replace existing wood tanks.
- 4—Repair settling tanks and build roof over them.
- 5—Electricity water plant as soon as possible.
- 6—Clean reservoirs.
- 7—Replace pipe between reservoir No. 1 and No. 2.
- 8—Move meter repair from office to plant.
- 9—Abolish office of water works superintendent.
- 10—Adjust water rates.
- 11—Terminate the arrangement of free housing and utilities for the chief engineer.

Of the position of water works

superintendent, the committee reported that the job has been used for the purpose of "padding" the salary of the superintendent. The committee also reported that the position of superintendent was created in 1910, a project so vital to the community as the water works should not be permitted to be used as a political football and to put forward the health and safety of the community.

Of the chief engineer's resignation, the committee found that the city is furnishing the engineer with a house, free power, gas, water and coal. The committee feels the engineer should be paid a salary and no more.

SHARE-THE-RIDE CAR OWNERS HELD LIABLE

Supreme Court Rules on Accident Responsibility.

By The Associated Press
COLUMBUS, O., April 2.—An Ohio supreme court ruling today made automobile owner, participating in share-the-ride agreements liable for injuries to passengers in case of accident.

Owners are liable because they accept payment from fellow workers, the tribunal held, commenting it was just as important to the war effort to provide security for the worker as it is to conserve the tires of the vehicle in which he is transported.

The decision reversed a Cuyahoga county declaratory judgment holding share-the-ride agreements came under Ohio's automobile guest law which relieves owners of liability except in cases of "wanton misconduct" in driving.

The high court held, however, that the guest law applied only where transportation was provided without payment.

Court attaches expressed the opinion that in most instances the decision would make owners personally liable because insurance contracts usually do not protect drivers operating cars for hire.

The court asserted the law could not be given one construction "in peace time and another in war time, unless appropriate provision for it is in the statute itself." It commented, however, that the legislature could make share-the-ride agreements subject to the guest statute.

The decision was made in a test case filed by Joseph Miller of Cleveland.

From where I sit...
by Joe Marsh

After that Western thriller at the movies, Ben Ryder says: "You know, the West wasn't all like that. While the gun-play was going on—respectable folks were weeding out undesirable elements... red-eye saloons and gambling joints."

And Ben's right. There's a spirit in America that's always working for a better community. Take that "clean-up or close-up" program of the brewing industry, for instance. Its whole purpose is to see that beer is sold only in clean, respectable places.

Everybody benefits from co-operation like that—even folks who want Prohibition back. Because those beer folks are working for the same thing—a decent, law-abiding community.

From where I sit—the way isn't to pass more laws, but to enforce the ones we've got—and rely on America's spirit of tolerance and cooperation.

hot water for soaking unless the recipe calls for it.

Among the recipes are some for preparing and cooking apples, peels, cabbage, carrots, white potatoes, sweet potatoes, rutabagas and eggs—as well as pies, cakes and puddings made from them.

The civilian book is for the large quantities of the recipes to use in a kitchen.

And here's the expert's test for dehydrated food: "The finished dehydrated product should be tested for tenderness by squeezing between the thumb and finger or by cutting with a fork. If the product is firm and rubbery, additional sun-drying is required. The products should not be served nor further processed by frying or baking until they have first become tender and plump in the rehydration process."

OFFICE HERE ISSUES 7,238 CAR STICKERS
Increase of More Than 500 Over Last Year.

A total of 7,238 stickers have been issued for passenger cars at the local office of motor vehicles since the sale opened March 1. It was announced today by J. E. Messenger, deputy registrar.

This is an increase of more than 500 over the corresponding period last year, the figures show. The total of stickers issued to trucks has not been compiled, Mr. Messenger states. Last year the number of licenses issued was 6,646.

The increase in the number of tags issued over last year is due, Mr. Messenger explains, partly to the fact that many residents of the county who desired the same license number year after year, applied to the state office for licenses and were not registered here, and partly to an increase in the city's population this year. The fact that stickers were issued this year permitted car owners to hold the same license number as last year, and as a result practically all licenses were issued here.

Mr. Messenger praised the co-operation of the public in the handling of the stickers and stated that the work moved very smoothly throughout the entire period. He also stated that he had been fortunate in being able to have competent office help which was a difficulty in many other cities.

136 S. STATE ST.

A veteran of both World wars, who was wounded four times in action and survived four torpedoed ships, Joseph Moffatt, British subject now living in Eaton, O., has been presented with a silver medal for his activities in the sale of war bonds and stamps.

Mr. Moffatt was one of the nine regional winners in the state who were similarly recognized by the War Savings staff for Ohio. Medals were provided by The Standard Oil Company of Ohio as part of a program developed by the company to stimulate the sale of war bonds.

The regional champion was wounded in World War I after he had enlisted as a drummer boy in the British army at the age of 15. He was visiting in England when World War II started and enlisted in the British infantry, reaching the rank of sergeant major as a machine gunner. He was later wounded at Dunkerque and again in action off the coast of Norway. Returning to duty he was assigned to a mobile anti-aircraft unit and was wounded for the third time with shrapnel during a bombing attack. In the meantime, his wife, a registered nurse in an English hospital, was also wounded when the hospital was bombed.

Early in December the boat, on which he left England for America, was torpedoed, but he finally reached Newfoundland. He then shipped for British South Africa and was torpedoed twice. His fourth experience was between British South Africa and Bermuda. He finally reached Bermuda and then the United States.

He has been released from active duty because of injuries. His contribution to the war bond ef-

fort was made voluntarily and without any remuneration. He spoke at all of the schools in Erie County, addressing some 5,500 children and adults, using the story of his war experiences as a stimulus to the purchase of war bonds and stamps.

Mathematical Genius "Ducks" Income Figures

By International News Service
CINCINNATI, O. — A Harvard university mathematician who knows the fine points of Einstein's theories on gravitation and delves into the higher realms of mathematical science admits that he "ducks" when it comes to making out his income tax and lets his wife do the job.

Prof. George D. Birkhoff, here for a lecture on a highly scientific phase of his specialty, asked if his teaching duties prevented him from figuring out income tax, replied:

"No, that's not the reason. I don't know why, but my wife always makes out the income tax. Sometimes she has me check the figures."

Pilots Make Heroism Commonplace As P-40's Carry Attack To Nazis

A big part of the fighter show on the sector that became so hot when Rommel's Africa Corps made its late March bid formerly was run by Cochran. He headed the show and his daring performances made him a legend with the French because they were the ground force mainstay and were amply qualified to know the results that the dynamic little fighter chieftain consistently obtained. Cochran, then a major, so inspired his men that deeds of valor were commonplace.

Now he has moved on to other work but the precedent he set is being energetically followed by his old command.

Actually, it is a new type of war the old Cochran outfit is fighting but the results are primarily the same. In the old guerrilla days the P-40 boys operated on a hit and run basis. They weren't looking for combat with Jerry. They could not risk that chance with the big job they had

to do and what they had to do landed with Jerry and gained it with respect thereon. They hedgehopped through the area smashing troop movements, supply dumps, and air bases and shot up anything that moved and some things that didn't.

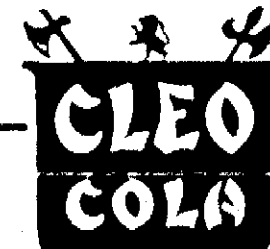

Their shooting job wasn't bad either, when it came to combat and especially when the hands of a few P-40s were in the air. They landed in five days by shooting down one of the planes himself. His bag of four Stukas in a single engagement is an aerial classic in itself.

**OPA Relaxes
Tire Ration**
More in Grade II Available April 1

WASHINGTON, Mar. 16.—(AP)—Price Administrator Prentiss Brown liberalized tire rationing for the second time today and expects better all motorists will be able to keep their cars on the road "as the result of the release of additional tires by Rubber Administrator William Jeffers."

Your TIRES ARE HERE

AT CUSSINS & FEARN
"Bring Your Certificates"

Effective April 1st, OPA has announced the eligibility classification of most passenger car owners will be revised as follows:

"A" Card Holders Can Buy Grade III Tires.
"B" Card Holders Can Buy Grade II Tires.
"C" and "D" Card Holders Can Buy Grade I Tires.

In most cases the above kind of tire is shippable on certificate if present tire is not replaceable. NOTE: In the few instances where "B" ration motorists travel more than 500 miles a month they may be eligible for grade I tires.

NO BONES IN V-GARDENS

By The United Press
PORTLAND, ORE. — Portland dogs who choose to bury their bones in Victory gardens will be given harsh treatment after this. Mayor Earl Riley has ordered his official dogcatcher to round them all up, whether fenced or unfenced. The city is having a veritable epidemic of Victory gardens, and there is very little other ground left for bone-burying by dogs.

CASTS CHOSEN FOR JUNIOR HIGH PLAYS

To Be Presented by Central 9th Grade Pupils.

The casts and production crew for three one-act plays, all comedies, to be given May 12 and 13 at Central Junior High school by ninth grade pupils of the school have been chosen by Zelma Howard, ninth grade English teacher at Central.

"Holy-Poly Freckle-Face" is the first play to be presented. It was written by Sylvane McCarty and concerns a 13-year-old girl who feels that she can never be as beautiful as her 16-year-old cousin. The younger girl, rather chubby, learns that her older cousin was just as plump as she at 13. Then she begins a campaign to grab herself a boy friend.

The second play is "Wise Girl" by E. Clayton McCarty. This presentation is about a 17-year-old boy who believes that he is old enough to make decisions for himself. He likes a certain questionable girl who is a little older than himself. His mother plots to rid her son of his wrong impression on life. She invites a girl next door, who is her son's own age, to a dinner party that the girl of presumable shady character is also attending.

Last play selected by Miss Howard is "Suitable for Charity" by Paul S. McCoy. This one is about a woman whose time is taken up by many charities and clubs. At a time when her daughter's boy friend is visiting her house she departs with the guest's wardrobe, which results in a series of humorous occurrences.

Miss Grey of the Central faculty is assisting Miss Howard in the productions.

The casts of the plays follow, with the characterizations coming first:

"Holy-Poly Freckle-Face": Ben, A girl of 10, June Evans; Clara, her 12-year-old cousin, Frances Barker; and Jack, Ben's uncle, Rich and Smith.

"Wise Girl": Roger Blake, a young man of 17, Noel Conway; Miss Blake, a thorn in Roger's flesh, Donna Charles; Elizabeth Nolan, the neighbor girl, Evelyn Marie Meyer; and Maybelle Morris, character counselor, Marilyn Gray.

"Suitable for Charity": Hazel Greenway, Joyce Roberts; Morgan Greenway, her husband, Fred Jones; Clara, their daughter, Jean Williams; William, their son, Don Schwab; and Ruth, their daughter in love with Clara, Warren McDonald; Ellen Cassady, a servant, Ruth Ann Hinkle; and Clarence Honey, sweet, a suburban man, James Black.

The production staff follows: Chorus—Dolores Fortner, Hilma Rickels, Nellie Hartley, Rhoda Vanner, Martha Evans, Imogene Harbott, Helen Lesley, Charrell Williams, Helen Curtis, Jo Ann Corbin, and Shirley Clarke.

Promoters—Dorothy Ostergreen, Jo Ann Montgomery, and Phyllis McRae. Business Manager, William Burton.

Stage helpers—James Brechtman, Bill Schell, and Robert Schell.

Properties—John Layman, Mary Louder, Jordan, Jacqueline Redden, Harry Hayes, Naomi London, and Audrey Brock.

Make-ups—Rita Russell, Lorraine Schwabach, and Billie McGee.

Programs—Joan Dixon, posters drawn by the art classes.

Special features between the plays will be songs by a trio consisting of Virginia Williams, Diane Cheney, and Ann Tomlinson, and members of the Central school band and orchestra. The Central choir will also entertain on the play nights.

16 Casualties Listed in Navy Report Today

WASHINGTON, April 8.—The Navy announced today 16 casualties in Navy forces, including 4 dead, 3 wounded and 9 missing. In addition, 15 men previously listed as missing were reported dead.

This brings to 21,680 the total of Navy, Marine Corps and Coast Guard casualties reported to next of kin since Dec. 7, 1941. The grand total includes 7,664 dead, 4,659 wounded and 12,957 missing.

The Ohio casualties announced today (those listed are Navy and non-commissioned personnel unless otherwise specified).

Dixon, Carl Peter. Missing. Father, William Wesley Dixon of Sandusky.

Stroud, Emmett Thomas. Missing. Father, Emmett Manford Stroud of Steubenville.

Meat Order Suspended To Benefit Civilians

By The Associated Press
WASHINGTON, April 8.—In what officials said was a move to provide a more even flow of meats to civilians, the food administration has suspended an order requiring livestock slaughterers to set aside certain percentages of their production for military and lend-lease uses.

This action, however, will not provide any greater quantity of meat for civilians than was contemplated when rationing was started, officials explained.

Slaughterers must continue to operate under a restriction order which sets up civilian quotas. Rationing is based on these quotas.

The suspension of the set-aside order means, explained the officials who asked not to be quoted by name, that slaughterers will be permitted for the time being to fill civilian quotas before the government takes supplies. But, they added, if sufficient meat is not obtained by the government for war uses, the order will be reinstated.

Labor Union Votes War Bond Purchase

Marion Local No. 177, Painters and Decorators Union, A.F.L., voted to buy a \$500 war bond at a meeting Wednesday night in the Central Labor Union hall on East Church street.

Greeting cards were sent to eight members of the union who are serving in the armed forces. Neil Berridge and Frank Brunner were elected delegates to the Ohio conference of painters to be held April 21 at Columbus.

CORRECTION

Dr. R. T. Morgan will present the diplomas to the senior class of Harding High school at the commencement exercises set for June 4. In The Star's account of the meeting of the board of education Tuesday night Dr. Morgan's initials were listed incorrectly. Dr. Morgan will represent the board of education at the exercises.

BROWN AGAIN CALLS BILL INFLATIONARY

Head of OPA Asks Defeat of Pace Farm Measure.

By The Associated Press
WASHINGTON, April 8.—Advocating enactment of the Pace bill, which would increase the price of farm products, the head of the Office of Price Administration today called the measure inflationary.

Testifying against the bill, approved measure to increase farm labor costs, the head of the office, Brown, said it would have a "very far-reaching inflationary effect."

In a hearing that served as an anti-climax to yesterday's tense battle when the Pace bill was sent back to committee to join the previously-rejected Pace measure, Brown reiterated previous contentions the latter bill would raise parity prices of farm products by "upwards of 14 per cent."

This in the course of time, he said, "would drive up retail prices of food by 10 1/2 per cent, add two and one-half billion dollars to the annual food budget of consumers, and increase by three-quarters of a billion a year the expense of feeding our armed forces and supplying our allies."

"So radical a change in the price of food would end the stabilization of prices—and of wages."

CONGRESS

(Continued from Page 1)

been termed "inflationary" by the administration, but their advocates made it clear that they wanted the same attitude adopted in dealing with labor and other cost-of-living factors, or the bills would be brought up again.

They wanted first to "see what the President does about John L. Lewis' demands" for a \$2-a-day wage increase for his United Mine Workers.

Conference Today

But their attention also turned to a war production board conference scheduled today with labor and industry in an effort to work out some sort of "incentive" pay plan for boosting munitions output, amid indication that the President had dropped his strong opposition.

Representatives of the CIO, the AFL, the United States Chamber of Commerce and the National Association of Manufacturers went into a huddle with WPA's Executive Vice Chairman, Charles E. Wilson, and a subcommittee of the board's new management-labor council. Mr. Roosevelt wrote WPA Chairman Donald M. Nelson a letter last April, opposing such a plan on the ground that men should produce all they could in a time of national emergency.

But Wilson conferred with the President recently and today's session indicated he had been given at least a tentative White House go-ahead, with a subsequent green light from the war labor board and the office of economic stabilization.

Another angle appeared in the house where new labor opposition to a revised version of the Hobb anti-racketeering bill threatened to delay its consideration. Slated

LOEB'S NO CARRYING CHARGE
141 S. Main

made today by H. G. Sells, state highway director, who made public the list of winners for 1942 communities competing for the safety award. Judges picked the winners on the basis of traffic reports submitted by officials of the participating cities.

Basis of Judging
Honorable mention is given to a city only if it reduced its number of fatal accidents or if it went through the year without any fatalities. Marion had five traffic accident fatalities in 1942, a sharp decrease from the 17 in 1941.

Other cities are placed in seven population groups for the contest, and a winner is chosen for each group. The seven 1942 winners are Columbus, Canton, Lakewood, Steubenville, Parma, Bay Village and Napoleon. Steubenville is the winner for the population bracket that includes Marion.

Marion has participated in the contest for three years, reporting its accidents regularly and permitting its accident records to be placed in competition with those of other cities.

39 on List
It is one of 39 cities receiving honorable mention for 1942.

For the first time in judging the annual contest, additional points were given for the conservation of war equipment.

There were 814 traffic accidents in Marion during 1942 involving the five fatal accidents, 141 involving non-fatal injuries and 489 causing only property damage, the city report to the highway department shows. In 1941 the total was 943 with 17 persons killed and 229 persons injured.

Types of Accidents

Last year 625 of the accidents involved two or more motor vehicles and 41 involved a motor vehicle and a pedestrian. Other types of accidents included collision of motor vehicles with trains, bicycles and fixed objects and non-collision accidents.

Of the five fatal accidents, two were caused by accidents involving pedestrians, two involving trains and one involving two or more motor vehicles. Sixty of

UNITED ELECTRIC CO.
138 East Center, Dial 2404.

FOUR-YEAR-OLD Theresa Williams (above) was slain and buried in the basement of a home two doors from her own in Pittsburgh. A neighbor boy, Earl Perry, 17, was arrested and accused of the murder.

The persons injured were in motor vehicle accidents and 59 were in motor vehicle and pedestrian accidents.

Drivers' violations caused 736 of the 814 accidents. Of these 114 did not grant right of way to the other vehicle and 45 were caused by cutting in. Of the 81 pedestrians involved in accidents 13 were crossing the street at a place other than the intersection and two of the fatal accidents resulted from that cause. Two of the pedestrians were under the influence of alcohol and two were handicapped by physical defects.

Age Range
The ages of the persons involved in accidents ranged from below four years to over 75. Of the five persons killed, one was under four and two were between 65 and 74. On the injured list, 10 of the persons were between 15 and 19, the largest number in any one age group. Nine of these were boys and seven were girls. Of the total number of injured persons, 95 were males and 45 were females.

There were 1,513 drivers involved in the accidents, and 305 were between the age of 25 and 34 years of age with the smallest number, 5, over 75. Of the total, 1,162 were males, 189 were females and 164 were not indicated.

Most At Speed
Most of the accidents occurred while the vehicles were moving at a low rate of speed. For instance, 392 occurred at a speed under 10 miles per hour and 381 between 11 and 20 miles per hour. Only two involved cars traveling between 41 and 50 and three over 50 miles per hour. All of the fatal accidents and 1,310 of the non-fatal involved passenger cars and 82 of the total involved trucks.

The highest number, 87, occurred between 5 and 6 p. m. and the least between 3 and 7 a. m. All the fatal accidents took place between 3 and 10 p. m. On Saturdays 183 accidents occurred and on Fridays 138 with the lowest numbers, 94 and 15, taking place on Mondays and Thursdays respectively. It was daylight when 522 of the accidents occurred, 215 took place after dark, and for the remainder it was not stated whether it was daylight or dark.

OHIO CADET KILLED

EDEN REPORTS ON WASHINGTON PARLEY

He Invites Cordell Hull to London.

By The Associated Press
WASHINGTON, April 3 — Foreign Secretary Anthony Eden, discussing the purpose of the United States administration had in mind in maintaining relations with Vichy, but these understandings had been smoothed out.

He said there had been some misunderstanding in this country of the purpose of the United States administration had in mind in maintaining relations with Vichy, but these understandings had been smoothed out.

He said an agreement on policy toward Spain, Portugal, Turkey and other European neutrals was reached and plans had been made for an improved exchange of information on enemy and enemy-occupied territories.

He said his discussions in Washington fell mainly under three headings: first, "operational matters—immediate questions concerned with the conduct of the war; second, "political cooperation between us in connection with actual military operations that have taken place or will take place; and third, questions arising out of the war."

Eden concluded with the statement that his trip had been fundamentally the most worthwhile of his career.

"My closing impression of America," he said, "was one of a young and vigorous people, wholehearted in the struggle and determined to work together with the other united nations in war and in peace."

"I have come back with, I say frankly, a different view of the sentiments of the United States toward both this struggle and the postwar period. I believe the opportunities that are opened to us, great though the difficulties are, are wider in scope than I thought possible."

was satisfied there was "complete agreement" between Britain and the United States on the "future policy toward France."

He also reported he and United States authorities "found a very close similarity of outlook on postwar problems."

BILL TO REPEAL TAX IS KILLED

House Rejects Measure To Free Food, Medicine from Sales Levy.

By The Associated Press
COLUMBUS, April 3 — Gov. Bricker's tax reduction plan has been rejected by his own Republican party members in the house of representatives, but any chance the governor might feel was tempered today by prospects of a bigger surplus in his third term.

The surplus, it appeared possible, might be the close of 1944, exceed \$32,000,000—a fund which Republican leaders asserted might be seriously needed for meeting post-war problems.

Speaker William M. McCulloch remarked after a caucus of house Republicans that they felt "the best post-war planning is to have a very substantial surplus in the treasury."

It was in that caucus that the house Republican majority, meeting prior to passage of a \$366,480,921 biennial appropriation bill, turned thumbs down on a senate-approved measure to repeal the sales tax on food consumed in hotels and restaurants and on prescription medicines.

It was the unanimous opinion of the members, McCulloch announced, "that there should be no further proceedings on the sales tax matter."

Asked Immediate Action
The governor in his message to the legislature Jan. 11 recommended that the sales tax on food and medicines be repealed at once.

The senate passed the measure Jan. 26, but the measure struck a snag in the house taxation committee.

Rural members felt the repeal would be of little benefit to farm folk who seldom eat in restaurants. Other legislators took the position that if the sales tax burden were to be lightened, it might well be taken from articles such as clothing and shoes.

Governor Bricker, on the other hand, said Tuesday it was inconceivable that the legislature would decline to vote a tax reduction.

Abolition of the tax on food and medicine would have deprived the state of approximately \$10,000,000 revenue during 1943-44. The budget had anticipated the loss of money.

Now the \$10,000,000 may be added to the prospective surplus at the biennium's end. Also to the budget may be added approximately \$19,000,000 earmarked in the appropriation bill for new buildings and improvements, this appropriation can't be spent until the war ends.

The house finance committee trimmed \$3,263,000 from the governor's budget, and this amount, too, will be piled on the surplus if the senate does not increase the appropriation bill.

Vote On Party Lines
This spending measure, carrying \$13,536,102 more than the 1941-42 appropriation bill, was approved by the house yesterday and sent to the senate after a sharp exchange between the Republicans and the Democratic minority. The vote was 106 (all Republicans) to 24 (all Democrats).

The Democrats contended the budget was "dishonest," that it had been padded to cover an even larger surplus, and that the \$45,000,000 surplus reported at the end of 1942 had been accumulated through deliberate understatements of revenue during the last four years.

Rep. William H. Deddens of Cincinnati, the Republican floor leader, told the Democrats they "should blush for shame" for calling the budget dishonest in view of their own record in the legislature.

Leaders said they believed the senate could complete action on the appropriation bill within two weeks.

Rep. James H. McElhane (R-)

HARRY H. CAIN OF N. MAIN ST. DIES

Retired Farmer Stricken; Rites To Be Held Friday.

Harry H. Cain, 70, retired farmer, was found dead in bed yesterday morning at his home at 1014 North Main street. His body was found by A. H. Wilson of the Wilson grocery, located in front of the Cain home. Dr. R. T. Morgan, Marion county coroner, said death was due to cerebral hemorrhage.

A native of DeWitt county, Illinois, he was born Aug. 3, 1875. His wife, Mrs. Ida Garner Cain, died in August of 1919. He had lived in Marion for a number of years, retiring from farm work in 1919.

Funeral services will be conducted tomorrow at 10 a. m. in the Edwin K. Smith Home for Funerals on East Center street by Rev. Ernest Finkbeiner of Emmanuel Baptist church. Burial will be made in Forest Glen Memorial park.

Chillicothe Strikers Back at Work Today
By The Associated Press
CHILICOTHE, O., April 3 — A strike at the Mead Corp. plant ended today after the management and representatives of district 50, United Mine Workers of America, agreed to negotiate the dispute.

About 1,000 employees were idle three days because of the walk-out, called in what union representative Ralph Courtney said was a protest against the company's refusal to grant labor demands, including a closed shop and dues check-off system. The UMW recently won a bargaining election at the plant.

DUNKIRK MAN DIES OF INJURIES IN FALL

Ladder Mishap Leads to Death of Emmet E. Ewing.

By The Associated Press
DUNKIRK, April 3 — Emmet E. Ewing, 67, of Dunkirk, died in McKittick hospital here at 3:30 p. m. yesterday as the result of injuries suffered March 26 when he fell from a ladder at the Foster Wykes home two miles east of Dunkirk. He suffered a fractured skull and broken neck when he fell while repairing an eaves trough at the Wykes home.

For 40 years he had operated a heating, plumbing and electric store in Dunkirk and had lived there 50 years.

Surviving are the widow, Mrs. Lillie Ewing, and a brother, William Ewing of Keweenaw Heights, Pa. Funeral services will be conducted Sunday at 2 p. m. 10 a. m. in the Dunkirk Methodist church by Rev. J. M. Gambill and burial will be made in the Dunkirk cemetery. Military services will be conducted by the Spanish war veterans.

Ohio Supreme Court Rules Against Driver

Civilian Bombing Question Raised by British Group

By DEWITT MACKENZIE

Should the allied forces be permitted to bomb the civilian population of Germany? This is the question raised by a group of British civilians who are protesting against the bombing of German cities.

The group, known as the "British Civilian Committee," has issued a statement in which it expresses its opposition to the bombing of German cities. It states that the bombing of German cities is a war crime and that it is a violation of the laws of war.

The committee also states that the bombing of German cities is a waste of resources and that it is a violation of the principles of humanity.

The committee is calling on the allied forces to stop bombing German cities and to concentrate their efforts on the German military and industrial targets.

Committee's Error

The committee's error is in its failure to recognize the fact that the bombing of German cities is a necessary part of the war effort. The bombing of German cities is a means of destroying the German war machine and of bringing the war to a speedy end.

In Germany, the bombing of German cities is a war crime. In the United States, the bombing of German cities is a war crime. In the United Kingdom, the bombing of German cities is a war crime.

The committee is calling on the allied forces to stop bombing German cities and to concentrate their efforts on the German military and industrial targets.

The factories of Cologne were turned into a vast open-air museum. The bombing of Cologne was a war crime. The bombing of Cologne was a violation of the laws of war.

The committee is calling on the allied forces to stop bombing German cities and to concentrate their efforts on the German military and industrial targets.

Humanity does not ask us to make such a sacrifice in order to protect enemy peoples.

U. S. Pilot's View

Actually allied bombers do their utmost to protect civilians. I reported an example of this from England last fall. I was chatting with Lieutenant Colonel Paul Tibbets of Miami, Fla., one of our war heroes, about his sensations in bombing, and he told me the way he was anxious "for the women and kids."

"You see," he added, "I have a three-year-old boy of my own at home. I like to think of him playing under a bombardment. That makes me careful."

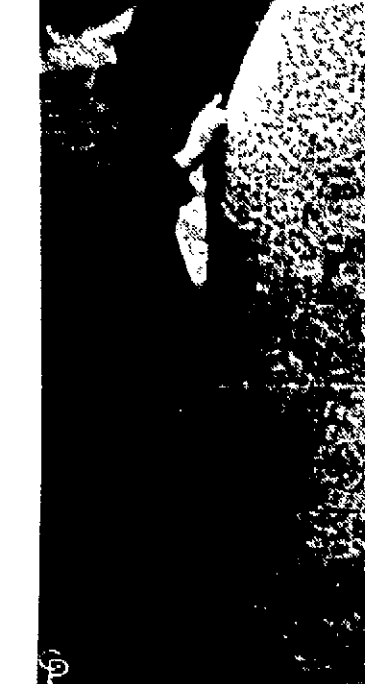

We can't ask for greater care than that. As a matter of fact, as this column has insisted before, talk about "humanitarianism" is a lot of bunk. War can't be humanized, though we can and do soften some of the blows. Just so long as there's armed aggression which must be met by defense in kind, just so long will civilians die. Try to squirm out of it all you can, but wars are won by killing.

When you stop to think about it, does death by bombing hurt a civilian more than it does a soldier? I doubt it, though perhaps the civilian's mental anguish is greater because of lack of schooling in violence.

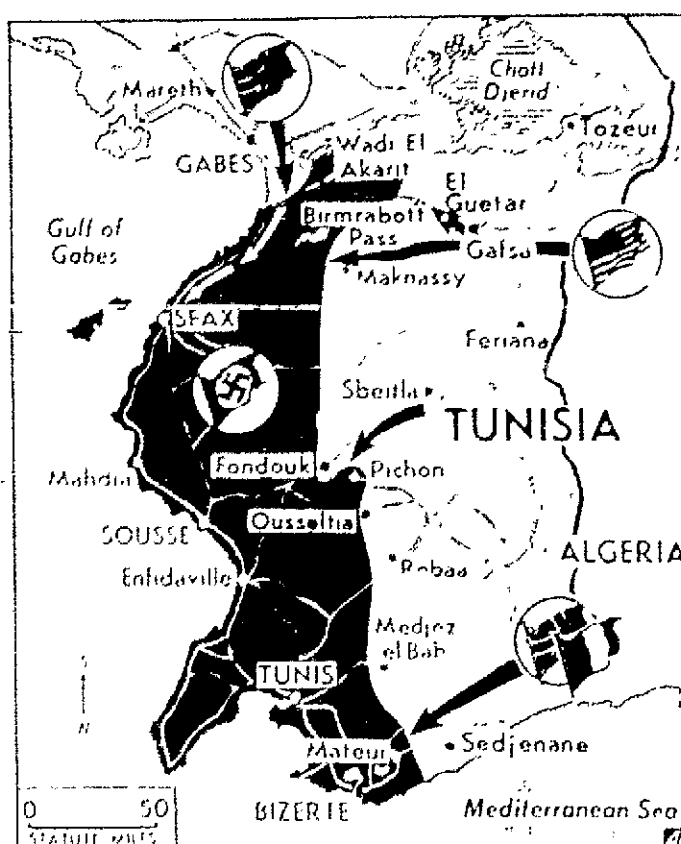

Anyway, the allies aren't going to let the lives of a few thousand civilians stand in the way of saving the world from the barbarities of Hitler and the Japanese.

The United States for one is building the greatest defense in the world—and we intend to use it. We shall go out of our way to save civilian lives—but, unless my guess is wrong, we shall keep right on bombing with increasing intensity until the enemy is smashed.

More than 10,000 thousands of second seed were planted last year in the peninsula of Patagonia, north of Lake Argentina, where the soil has been found suitable adapted to the production of that grain.

AN ENGLISH GIRL does her share for the war effort by sticking savings stamps on a 500-lb. bomb at Trafalgar Square, London. When the bomb is fully covered with stamps, it is to be taken over Germany on a raiding plane and delivered.

ANIS VIEW OF TUNISIA. The Axis high command, according to a report from the Tunisian front, is planning to launch a major offensive against the British First Army. The plan is to use the Axis armor and the German Luftwaffe to break through the British lines and to capture the city of Tunis.

Delaware Hospital Acts To Relieve Overcrowding

DELAWARE, April 8.—With a high command, according to a report from the Tunisian front, is planning to launch a major offensive against the British First Army. The plan is to use the Axis armor and the German Luftwaffe to break through the British lines and to capture the city of Tunis.

BRICKER

(Continued from Page 1)

world may end and fight and that other people may not survive, but the people who are growing this food and sacrificing from their own table are entitled to know the plans of our nation in distributing this food throughout the world.

Recalls President's Statement

Bricker's statements recalled a press conference March 19 that he hoped reporters would not be permitted to cover a forthcoming United Nations food conference in the United States because he was looking for efficiency.

Elmer Davis, director of war information, said yesterday that the press except for committee sessions.

Bricker said the term "internationalism" is just as absurd as "isolationism."

"America is not, never has been and never will be an isolationist nation," he commented. "The term defines nothing. It is used for selfish interests and by some blind fanatics who see isolationism as a means of saving the world from the leadership of the United States because he was looking for efficiency."

Elmer Davis, director of war information, said yesterday that the press except for committee sessions.

Bricker said the term "internationalism" is just as absurd as "isolationism."

Elmer Davis, director of war information, said yesterday that the press except for committee sessions.

Bricker To Meet Ohio Congressmen

WASHINGTON, April 8.—Ohio members of Congress are expected to meet with Senator Bricker within six weeks and confer on the subject of the proposed amendment to the constitution which would give the president the power to appoint and remove judges without the advice and consent of the Senate.

AFRICA

(Continued from Page 1)

continued with all its amazing power and the communistic reported that in southern Tunisia light bombers and fighter-bombers carried out "heavy and continuous attacks" on the enemy.

Nine Junkers Destroyed

The allied planes were busy on the northern front, attacking enemy transport and starting fires among parked vehicles. Nine Junkers-87s were destroyed by allied planes.

The Sfax-Sousse road along which Rommel made his retreat was attacked throughout Tuesday night and the same night box bombers attacked the railway yards at Tunis, starting fires, it was announced. One allied plane was reported missing from all these operations.

The Eighth army, after cracking the Wadi El Akarit defense in field Marshal Erwin Rommel in two hours, was driving northward along the coast and adding new prisoners to the total of 6,000 announced by Prime Minister Churchill yesterday.

A brief official announcement told of the historic meeting of the American and British forces on the rocky ridge of Djebel Chennet on the road from El Guelat to the coast.

"The Eighth army today made contact with the Second United States Corps from Gafsa," it said. "The advance continues and air forces from east and west continue to enjoy common targets."

The "common targets" were the columns of axis tanks, guns, motorized infantry and other equipment—moving backward again in a withdrawal which started at El Alamein, Egypt, last fall and became the longest retreat of modern warfare. Allied armor shuttled back and forth over the columns, subject them to a terrible and unrelenting punishment.

Progress Made

The continuing advance of the Eighth army after its swift breakthrough 20 miles north of Gabes Tuesday, indicated considerable progress had been made, but the extent of the advance was not announced in last night's special communiqué.

It was disclosed that for two weeks, American infantrymen, plugging doggedly ahead toward the sea, were being held by a stubbornly defended German position. The position, which had kept most of Rommel's armored force occupied, lightening the burden on the Eighth army.

Only a few hours before the two allied armies met on Djebel Chennet, elite German troops were attacking furiously to hold the axis flank against the Americans. These enemy forces have withdrawn to the northeast for the last, bitter run up the coast.

It is not known whether any large axis forces were trapped on the south side of the Gafsa-Gabes road when the allied armor met, but if so, they had scant hope of survival.

When the Akarit defenses cracked, the axis forces concentrated in the El Guelat area were in danger of being left behind and trapped by the Eighth army advance and they began moving northward under a smoke screen.

NEW CLASSIFICATION TO ELIMINATE 3-B

Operation of Program Scheduled To Start Monday.

WASHINGTON, April 8.—Reclassification of draft registrants under a new national register, inaugurated by elimination of the 3-B classification, was expected today to be scheduled to start Monday.

National selective service headquarters continued the selection of registrants for reclassification. It has maintained despite circulation of unofficial reports for more than a week that an official statement is expected Monday.

The 3-B classification, which includes all men having dependents and working in essential activities, regardless of what job they hold was established last July 15.

Besides eliminating it, unofficial reports said, the new regulations will require reclassification to 1-A of all men outside of farming except those defined as fathers under selective service rules. These individuals are essential to essential activities, and those whose production would mean extreme hardship to dependents.

Reserve the 3-A classification exclusively for fathers—those living in a bona fide family relationship with children conceived before induction of the fathers appeared imminent and in no case born later than Sept. 14, 1942.

Create a new classification, 3-D, for deferment of single or childless married men whose induction would cause extreme hardship to dependents.

600 Tickets Available for Rickenbacker's Talk

COLUMBUS, O., April 8.—The Ohio legislature will issue 600 guest tickets for the speech of Capt. E. V. (Edna) Rickenbacker to be delivered before the house and senate at 10 p. m. eastern war time, Monday.

Rickenbacker's address probably will be carried by the four major radio networks, said House Clerk Otto Johnson.

The World War I aviation ace, who was lost in the Monroe township cemetery near Eldorado, O., for more than a month in World War II, will speak in the hall of the house. Loudspeakers will carry his words to the capitol rotunda and the statehouse grounds.

GUERRILLAS KILL 300

LONDON, April 8.—Yugoslav guerrillas killed about 300 axis troops in a clash near the town of Stalac and killed 50 more near Klin, a Moscow radio broadcast recorded by the Soviet radio monitor here said today.

PINCH-HITTING for her husband, Marine Sergeant Barney Ross, former champ and hero of Guadalcanal, Mrs. Ross displays a left as powerful as her husband's as she christens a new Navy lighter at the Bureka Shipbuilding corporation at Newburgh, N. Mrs. Dix Again Named Prospect Postmaster

Mrs. Fred K. Dix has been nominated by President Roosevelt for postmaster at Prospect, Tenn. The American Press reported today from Washington that Mrs. Dix was named as postmaster for a term of eight years. Her husband is publisher of the Prospect Monitor, the Prospect office is a third class office and the salary is between \$1,000 and \$2,000.

DAVID A. CURREN OF MORROW COUNTY DIES

Faves Away at Home of Son in Waldo.

CARDINGTON, April 8.—David A. Curren, 27, retired farmer of near Cardington, died in the home of a son, Leonard Curren, in Waldo at 9:40 a. m. today after an illness of 10 days. A native of Waldo, he was a member of the Waldo town hall, Morrow county, he was born Nov. 11, 1875. His wife, Mrs. Martha Gaben Curren, died March 19, 1940. Surviving besides the son, Leonard, is another son, Jesse, of Galion, O., and a daughter, Mrs. William of West Columbus, Ohio. He has eight grandchildren and three great-grandchildren. Funeral services will be conducted Saturday at 2 p. m. in the Snowtown United Brethren church. Friends may call at the Leonard Curren home in Waldo after 10 a. m. tomorrow.

Mrs. Nora Banfill Dies at Lewisburg

Mrs. Nora Banfill, 72, mother of C. R. Banfill of 327 Main street, died at 6 p. m. yesterday at the home of her daughter, Mrs. Harry Gilson of Lewisburg. She had been ill several months.

Mrs. Banfill, who was the widow of John A. Banfill, is known in Marion, having made her home with her son here for some time. She is survived by the following children: Mr. Banfill, Mrs. Gilson, Mrs. Ruby Bell of Richmond, Ind., Mrs. Ralph Vore of Lewisburg, Mrs. Mary Petri of Dayton and Russell Banfill of Lewisburg.

Funeral services will be held at 2 p. m. Saturday at the Universalist church at Eldorado, O., followed by burial in the Monroe township cemetery near Eldorado.

Mr. Banfill left today and Mrs. Banfill and family will leave Saturday morning for Lewisburg.

DEFENSE OFFICE AIMS AT FULL TRUCK LOADS

Marion Among Cities Listed in New Program.

CLEVELAND, April 8.—Joint action plans to assure full loading of trucks operating between Cleveland and 17 other Ohio cities were recommended today by the office of defense transportation advisory committee for the Cleveland district.

While C. R. Allen, district manager of ODT's motor transport division, reported trucks generally were complying with regulations, Chairman C. J. Madigan of the advisory committee said further joint action plans should be worked out and placed in effect at once by common carriers operating into Cleveland from the following cities:

Akron, Ashland, Chardon, Dayton, Columbus, Springfield, Elyria, Fostoria, Tiffin, Findlay, Norwalk, Canton, Wooster, Marion, Mansfield, Youngstown and Toledo.

An advisory committee report for January showed 93 1/2 per cent of trips from Cleveland were fully loaded, and fully loaded trips from Cleveland from all points equalled 92 per cent of the total.

MRS. ASTOR SEEKS DIVORCE

NEW YORK, April 8.—Mrs. John Jacob Astor 2nd, the former Ellen Tuck, French aristocrat, residence in Reno, Nev., today preparatory to obtaining a divorce, Astor's New York office announced today.

CITY SURVEY

(Continued from Page 1)

As much as \$100,000, it is estimated that the city will have a surplus of money amounting to \$100,000. The city will have a surplus of money amounting to \$100,000.

Expense Cuts Suggested

While he did not suggest a cut and drive means of keeping within the budget, Mr. Boden suggested that the city curtail the operating costs of the fire and police departments and street lighting.

He said the police force was able to cope with lawlessness during the peak of war plant construction and with the city's increasing population, fewer men would be necessary.

On the fire department, he said Marion annually spends a large amount to fire protection although no reduction is made in the city's fire rating. This is explained by the fact that the fire underwriters poll a city periodically. Since the fire department was expanded and new equipment added, the underwriters have not lowered the city.

Pension System Criticized

Repeating findings of the survey made a year ago, Mr. Boden charged the policeman and firemen pension system in effect in Marion. He said the city council should formally request the state legislature to setup a pension commission to review the system. Council should take this action if for no other reason than in fairness to the younger men of both departments. These men will expect to receive a pension some day and won't because of the impractical system that has been setup," he explained.

"Another large item of expenditure each year is the rent for the city building Marion is in a unique position in that it does not own a city hall. The amount paid appears to be very reasonable because it is divided if the city could furnish janitor and maintenance service of its building for anywhere near the rental fee," he said.

Report On Equipment

Reviewing his survey of the city sanitation plant and city streets, Mr. McWilliams recommended that the city sanitary service director seriously consider establishment of a reserve fund for purchase of needed street equipment at the end of the year. He suggested that this fund be set up by tapping auto license and gasoline tax funds received this year and also a portion of the remaining street maintenance fund. This reserve fund should be earmarked for purchase of new equipment only, he said.

Director Commended

He commended the sanitary service director for his foresight in reducing street expenditures in the following items:

Clippings Tell War Story of Wyandot Co. Man

War news and stories of heroism and hardship are recalled to two Marion residents the unusual experiences of their friend Henry M. Welsh, of Wyandot county, Ohio, and his story is told in two columns of the newspaper, The Star, published in the 1890's.

The story is owned by Mrs. Mary M. Anderson, of near Brush Ridge, and Welsh of Canby, daughter and son of the late M. Welsh, who died in 1882.

They were struck by the Civil war and those who were wounded in the war as compared with the provision the armed forces make for such care today.

Henry Welsh was wounded in the battle of Iuka, near Corinth, Miss., in 1862. An enemy soldier fired at him from a distance of 10 feet, the bullet tearing away most of his lower jaw. He managed to crawl off the field, secured a mule and rode away to try to find medical help. The newspaper account tells how he finally located a house which had been converted into a hospital. He was unable to talk but scribbled his message on paper. Attendants made a hurried attempt to dress his wound, but told him he could not live. Undiscouraged, he left, found a flowing spring and kept his wound clean and cool with spring water until it began to heal, although he was able to take food only with difficulty. Twenty-two then, he lived to be 74.

He was a member of the 11th Ohio Independent Battery which had as one of its officers Col. Cyrus Sears of Harpers. Pvt. Welsh wrote about some of his soldier experiences to Daniel Flock, a Wyandot merchant, and one of these letters is the basis of one of the newspaper stories published about him. The other is the account of his being wounded in action.

RETURNING from a bombing raid on Rika, Lieut. John J. Brahan of Long Beach, N. Y., examines shrapnel that went through the nose of his B-24 bomber. Brahan is a member of the 11th U. S. Air Force which operates out of the Andrews, Army photo.

Mrs. Ida Viola Fox Of Carey Taken by Death
Special to The Star
CAREY, April 8 — Mrs. Ida Viola Fox, 70, widow of Francis X. Fox, died Monday morning at her home here. Death was due to a heart attack. One son, Fred L. Fox of Findlay, survives.

Morris Funeral At Upper Sandusky Friday

Special to The Star
UPPER SANDUSKY, April 8 — Funeral will be held Friday at 2 p. m. from the home of Thomas Morris, custodian of the Wyandot county fair grounds, and well known stock trader. The services will be conducted from the Bringham & Co. funeral home in this city, where friends may call any time after Thursday noon.

Mr. Morris passed away Wednesday morning at 2:10 o'clock at Bucyrus City hospital, following a stroke of paralysis which he suffered at his home in the Wyandot county fair grounds.

Mrs. Mary M. Anderson Stricken at Galion
Special to The Star
GALION, April 8 — Funeral for Mrs. Mary M. Anderson, widow of William Anderson of Galion, will be held Saturday at 2:30 p. m. at the United Brethren Church, Rev. J. H. Patterson, pastor at Galion, and formerly of the local church, will be assisted by Rev. C. V. Rupp. Burial will be made in Fairview cemetery.

Mrs. Anderson died Wednesday at her home.

Born in Mercer county, Nov. 14, 1862, she was married on May 7, 1883, to William Anderson, an employee of the Standard Oil company, and they resided here since that time.

Achievement Day Set for Wyandot County
Special to The Star
UPPER SANDUSKY, April 8 — A special day has been planned for all women of Wyandot county, Friday, April 9. It is the annual Achievement Day which will be held at the Trinity Evangelical and Reformed church at Upper Sandusky. This program is planned and sponsored by the same council of the extension service. Registration will be from 10 a. m. to 12:30 p. m. The guest speaker of the morning is Miss Elizabeth Carmichael, county agent of Ohio State university.

There will be special skills, playlets, and musical numbers, also educational exhibits that have been worked out by home council members.

MEAT BALL STEW WITH OATMEAL DUMPLINGS

ing at that record, anyone can see that we're foolish if we don't make every possible use of them. And that doesn't mean just eating them for breakfast.

Any kind of "mush" is good to use in place of potatoes, or other starchy dishes at dinner. "Mush" takes kindly to gravy, whether the base is hominy, hominy grits, or white or yellow corn meal. Speaking of those last, spoon bread is a main dish fit for the gods, it's accompanied by a good gravy. (There doesn't even have to be any meat.) Here's a good southern recipe for spoon bread:

Stir 2 cups milk gradually into 1 cup white or yellow corn meal in saucepan and cook, stirring constantly, until a thick mush forms. Add 1/2 tablespoon fat and 1/2 teaspoon salt. Cook 15 minutes. Add 2 egg yolks, one at a time, stirring well. When all are used beat thoroughly. Fold in stiffly beaten egg whites. Turn into large, deep, buttered dish and bake at 275 degrees F. for one hour and fifteen minutes.

Croquettes can be made of any left-over cereals, though I think hominy, corn meal and rice are best. After you've shaped the croquettes roll them in flour, dip in egg and then in crumbs, and fry. A tomato or mushroom sauce and good seasoning with these will make you forget the absence of meat.

For extending meat, the addition of left-over cooked cereal is excellent. Uncooked oatmeal, substituted where bread crumbs are called for in meat loaf or patties, gives a nutty flavor and a lot of extra nourishment.

Any of the finer cereals, like wheat or corn meal, can be poured into a dish, cooled, chilled, and sliced for frying. Stir a little flour into left-over cereal you intend to use this way, while it's still hot. It will fry better. These fried mushes are delicious with syrup.

Muffins or bread are excellently flavored by the addition of left-over cooked cereal. For each cup of cereal used, decrease the flour in the original recipe by 1/4 cup and the milk by 1/4 cup. Stir the cereal hard to take out any lumps, mix it with the milk, and add it to the other ingredients required.

Oatmeal bread is one of the best—especially with nuts in it, thus adding further protein value.

U. S. FIGHTER PILOTS WIN PRAISE IN AFRICA

They Go After Everything That Moves.

By The Associated Press

CAIRO, EGYPT, April 3.—(By The Associated Press.)—Gen. Alvin C. Strickland, commander of United States fighter pilots in the western desert, said yesterday "the effort put forth by American flyers in the last week is one for the books."

"Our fighter pilots of the Ninth United States Army Air Force in Tunisia must be credited with helping break the back of German resistance in the El Hamma section," he asserted.

In a letter to Maj. Gen. Lewis H. Brereton, commander of all American forces in the Middle East, he said "American fighters went after everything that was moving or flying."

The losses sustained by our fighters were limited, compared with their many successes. They actually picked out enemy 88 mm. anti-aircraft guns on the shores of the sea and destroyed quite a number, as well as their crews."

Strickland cited the record of one day of activity of one group which destroyed 27 tanks and damaged 100 others, destroyed 100 trucks, strafed 20 trains, flamed three machinegun nests, 20 anti-aircraft gun emplacements and in addition shot down a house, destroyed many enemy personnel and scored two direct hits on a vital bridge held by the Germans. The losses of the group were two aircraft.

The quality of work improves each time the fire is stopped.

ELMER BLAZER QUITS AS MAYOR OF LA RUE

Ill Health Is Reason; Dr. J. C. Thuma Succeeds Him.

Special to The Star

LA RUE — Elmer E. Blazer resigned as mayor of LaRue at the council meeting Monday. Ill health is given as the reason. He has been confined to his home for 10 weeks.

Dr. J. C. Thuma, president of the council, was appointed to succeed Mr. Blazer. Dwight Sager was appointed by council to succeed Dr. Thuma as council member and Walter Lingo succeeded him as president of the council.

Dr. Thuma is past commander of the LaRue American Legion post, master of the LaRue Masonic lodge and a former member of the board of education.

Fire department equipment bonds in the amount of \$4,000 were sold to the Campbell National bank at their bid of three per cent and \$75 premium. Two fire wells have been drilled in the business district of LaRue in the past week.

Mr. Richard E. Blazer returned to Madison, Mo., Monday after a furlough at the home of his parents, Mr. and Mrs. Elmer E. Blazer. Mr. Blazer recently graduated from army administration schools at Brookings, S. D.

ARMY OFFICE BAN QUESTIONED BY G.O.P.

New Rule Called Violation of Constitution.

By The Associated Press

WASHINGTON, April 3.—Republicans raised the question in the house yesterday whether the war department's ban against soldiers seeking or accepting political office was a violation of the Constitution, a move to bar Gen. Douglas MacArthur as a presidential candidate, and a contribution toward a fourth term for President Roosevelt.

The order, disclosed Tuesday, was issued at the direction of Secretary Stimson.

Rep. Kearney (R-N.Y.) told the house this "disfranchised" American men and women who are fighting to save America, and Rep. Bennett (R-Mo.) commented that

LOCAL FRONT

(Continued from Page 20)

By tagging 100 points, a 100-point number at this time because the center jump was still in effect.

Spring was picked by every newspaper in the district for all-league honors and I believe the odds will be made out that "Hoy" was tagged "all-league" by every three or four series.

Of course, the 100 points were not the only reason for the tag. Hoy was a defensive whizzer and nine times out of 10 he'd pick the point maker. Why? For the simple reason a scorer affords a writer plenty of color. There isn't much to write about in a good defensive player.

Still, I have in the amateur ranks, I have not seen 100 only believe this accepted theory of the profession. Defense in basketball is a lot like the play in football. It's the part that goes unnoticed in the rave notices but it really where the best play is to be found.

Another "mole" mistake by Noble as far as my books are concerned, is the omission of Maurice Whitcomb from the all-time team and the inclusion of Pete Hanson of Mt. Vernon.

The red-haired Yellow Jacket unquestionably was the greatest potential player to break into varsity ball as a sophomore. But Pete, lacking a keen competitive spirit, sadly missed the target altogether.

Pete's first two years on Mike Prech's varsity string were real inspirations, but playing with a second-rate team in his senior year, he practically gave up. Look what Dick Mulvaine did under similar circumstances this season.

Not content to inch out on a limb, Friend Noble goes overboard in selecting an additional six all-time teams, foremost among them being the all-Marion county team which should produce plenty of first-class fire-works.

Here it is:
F—Dale Baird, Caledonia 1932
F—Redd, Marietta 1932
F—Merle Lashey, Claridon 1942
F—Warren Anson, Prospect 1924
C—Ralph Roberts, Prospect 1924
C—John Price, Claridon 1942
G—Paul Bender, Pleasant 1937
G—Robert Jones, LaRue 1943

Main Go Mat Event at Armory Tonight

Pits Larry Kasaboski and Rene LaBell

Two fighters who have battled in draws in wrestling matches in recent weeks have been named by Promoter Les Fishbaugh to appear in a two-hour main event at the Armory on tonight.

They are Larry Kasaboski, and Rene LaBell, a pair of hard-hitting, close order fighters. The two were trained by Les Fishbaugh, who has been training them for several weeks and following this encounter, Fishbaugh's fighter, Kasaboski, will be ready to fight with many other fighters in a few months.

Last week the two were paired in a sensational event but both men were one fall and the one hour and ten minute fight was a draw. Kasaboski and LaBell were the only two fighters who could get back into the ring for the main event.

With the time limit extended to two full hours tonight and with only two falls required to win, a decision should surely be reached tonight. Promoter Fishbaugh said today.

Definitely making tonight's card is the addition of a double main event program with Kasaboski and LaBell, the clever Frenchman, and Joe Verona, paired in one event and Steve Nefoff and Buddy Knox in the other.

Verona, who only two weeks ago completed a long stand in arena along the west coast, will be making his first start here in Marion, he writes.

Steve Nefoff is a return match. These two tangled in a semi-final event several months ago in a match which was as tense as any in the history of the same program. Nefoff, a Tennessee native, has since been defeated by the Tennessee native, who would even the score in Marion, he writes.

Conservation Commission, under Don Waters today expressed his sincere thanks for the fine cooperation of anglers in the conservation of the state's fish resources. The conservation of the state's fish resources is a task which has been given in the past by one of their old metal containers in which to store the license issued for the 1943 season.

"We had a problem," the Commission said, "the War Production Board could not release the necessary materials for badges and we were afraid we would run out of them before the war ended. It now appears that if the present percentage of license buyers continues to furnish their own badges, and the war doesn't last too long, we will be able to furnish metal containers to those who are either first-time buyers or who can't find a badge," he said.

OUTMODED PRACTICE
This is the "burning off" season but there is every indication that each spring finds fewer farmers reporting to this damaging practice, once believed to be "just the thing to do."

Burning off of lands not only fails to achieve benefits but each successive fire adds to the cumulative damage. Young trees are killed. The soil is robbed of its moisture-holding capacity, and some of its fertility and it is made easily susceptible to erosion.

Of course the practice often is dangerous from a fire hazard standpoint, when not properly controlled. Vast acreages, including valuable timber lands and even buildings, have often been fired as a result of fires which

With most rationing on the program it is likely that there will be a greater use of coarse fish for human consumption. All of which makes the "burning off" practice a well-known Jack Spratt situation, since the game fishermen are likely to be highly pleased to see that some of the coarse fish are removed to make room for the wily bass and his brothers of the game fish species.

At the March meeting of the Ohio conservation and natural resources commission, Dr. C. F. Kite of St. Mary's, reported that a great many people in his section of the state find carp and other coarse fish much more palatable when ground and prepared as "fish-burgers."

CRAWFORD COUNTY MAPS BOND DRIVE

Quota Is \$2,800,000 for April Campaign.

Special to The Star
CRAWFORD, April 3.—Crawford county today prepared to launch its second war bond drive. The county is expected to raise the quota of \$2,800,000 for the April campaign.

A campaign material was received by County Chairman W. A. Blake Wednesday from the national headquarters and was passed to distribution to county plan and workers at a meeting at the Y. M. C. A. Friday night when the campaign was formally opened.

In addition to the \$2,800,000 quota and the two weekly bond purchases, will be asked to purchase a new two and one-half percent treasury bond which matures from 1964 to 1969 and a new two percent treasury bond maturing from 1950 to 1952. Both of the new issues are \$200 denominations and up.

County chairman announced at the meeting today are: Chas. W. Winters, Crawford; H. B. New, Union; John Berger, Crestline; F. R. Lucas, New Washington; and W. H. Gauss, Tiro. Township committees who have been asked to serve in the campaign are: Texas, Clifford Knox and Harold Hadden; Lyons, Edgar Huber and Horace J.

get out of control. In this war time when building materials are scarce any fire is a help to the war.

Conservation Commission, under Don Waters today expressed his sincere thanks for the fine cooperation of anglers in the conservation of the state's fish resources. The conservation of the state's fish resources is a task which has been given in the past by one of their old metal containers in which to store the license issued for the 1943 season.

With most rationing on the program it is likely that there will be a greater use of coarse fish for human consumption. All of which makes the "burning off" practice a well-known Jack Spratt situation, since the game fishermen are likely to be highly pleased to see that some of the coarse fish are removed to make room for the wily bass and his brothers of the game fish species.

At the March meeting of the Ohio conservation and natural resources commission, Dr. C. F. Kite of St. Mary's, reported that a great many people in his section of the state find carp and other coarse fish much more palatable when ground and prepared as "fish-burgers."
